

# **Before Buying Your First Magnifier**

- 1. Make a list of what you most want to be able to read or see with it.**
- 2. Decide if you want it to carry with you shopping or dining or if you want to only use it at home.**
- 3. Know your physical limitations. Mention if you have a weak grip, arthritis or a hand tremor.**
- 4. Choose something from home that you have been trying to read and bring it with you.**
- 5. Ask the seller about return policies — the lighting in the store will not be the same as in your home.**
